

SalvettiProfilati

Quality profiles for better
electrical installations

GENERAL CATALOGUE

COMPANY

We are specialised in the production of **profiles for electrical panels**, **support brackets** and **fixing accessories**.

Since the foundation of the company, by Renato Salvetti in 1988 on the Trentino-Veneto border (Italy), we've always focused on delivering **high-quality** and **customer-focused solutions**. Over the years, our experience has expanded our reach beyond Italy, supplying products internationally.

PRODUCTION

With nearly forty years of experience, we constantly aim to offer our customers products with **high quality standards**.

How do we do this? We start with a careful selection of **raw materials**, the processing of which begins in the heart of our company, the production department, which is equipped with advanced machinery and managed by trained employees with the aim of maintaining control over the entire production process and constantly improving the product.

Items produced in Italy

PROFILES MATERIALS

Sendzimir hot-dip galvanised metal sheet with overall cover of 140 gr/m².
Material quality: DX51D+Z.

DC01 rolled carbon steel with subsequent electrolytic galvanising and blue-white passivation.
Medium zinc coverage from 6 to 8 µm

Zinc-magnesium coating steel with high corrosion resistance

Inox

Copper

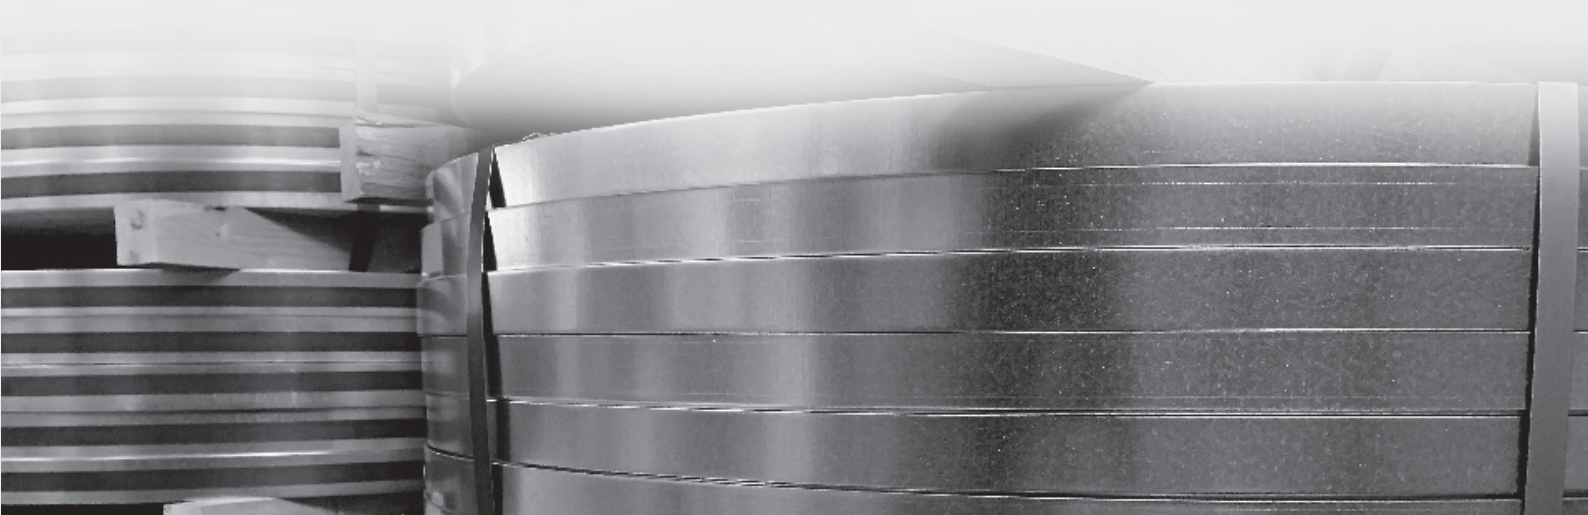

SUPPORT BRACKETS MATERIALS

DC01 rolled carbon steel with subsequent electrolytic galvanising and blue-white passivation. Medium zinc coverage from 6 to 8 µm

FIXING ACCESSORIES MATERIALS

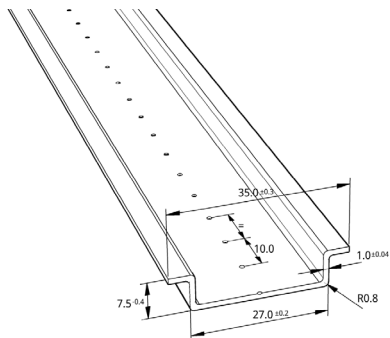

DC01 rolled carbon steel with subsequent electrolytic galvanising and blue-white passivation. Medium zinc coverage from 6 to 8 µm

Nickel-plated harmonic steel

"OMEGA" DIN RAILS

"Ω" 35 X 7,5 (NO SLOT)

MATERIAL OPTIONS

<i>Electrolytic galvanizing</i>	OM35
<i>Sendzimir galvanising</i>	OM35Z
<i>Zinc-Magnesium coating</i>	OM35ZM
<i>Inox</i>	OM35I

STANDARDS EN 60715

Item weight 0,35 Kg/m

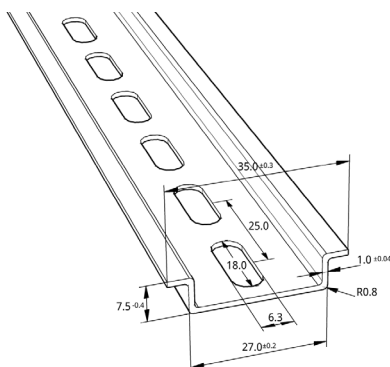

Standard length 2 m

↔ Lengths can be varied upon request

📦 20 pieces per package

Available bulined or with incised line

"Ω" 35 X 7,5 (SLOT 6,3X18)

MATERIAL OPTIONS

<i>Electrolytic galvanizing</i>	OM35F
<i>Sendzimir galvanising</i>	OM35FZ
<i>Zinc-Magnesium coating</i>	OM35FZM
<i>Inox</i>	OM35FI

STANDARDS EN 60715

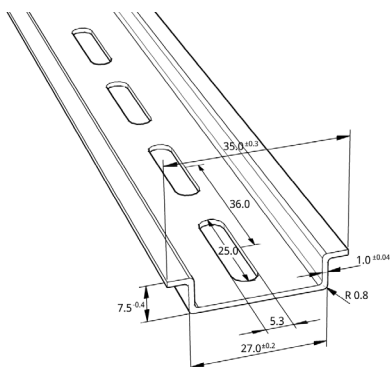

Item weight 0,31 Kg/m

Standard length 2 m

↔ Lengths can be varied upon request

📦 20 pieces per package

"Ω" 35 X 7,5 (SLOT 5,3X25)

MATERIAL OPTIONS

<i>Electrolytic galvanizing</i>	OM35F-5
<i>Sendzimir galvanising</i>	OM35FZ-5
<i>Zinc-Magnesium coating</i>	OM35FZM-5

STANDARDS EN 60715

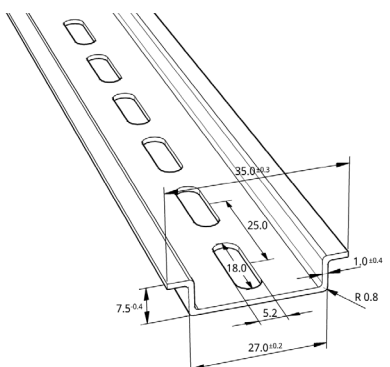

Item weight 0,31 Kg/m

Standard length 2 m

↔ Lengths can be varied upon request

📦 20 pieces per package

"Ω" 35 X 7,5 (SLOT 5,2X18)

MATERIAL OPTIONS

<i>Electrolytic galvanizing</i>	OM35F-518
<i>Sendzimir galvanising</i>	OM35FZ-518
<i>Zinc-Magnesium coating</i>	OM35FZM-518

STANDARDS EN 60715

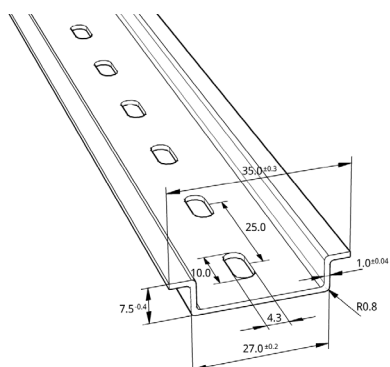

Item weight 0,31 Kg/m

Standard length 2 m

↔ Lengths can be varied upon request

📦 20 pieces per package

"Ω" 35 X 7,5 (SLOT 4,3X10)

MATERIAL OPTIONS	ITEM CODE
<i>Electrolytic galvanizing</i>	OM35F-4

CUSTOMISED "OMEGA" DIN RAILS

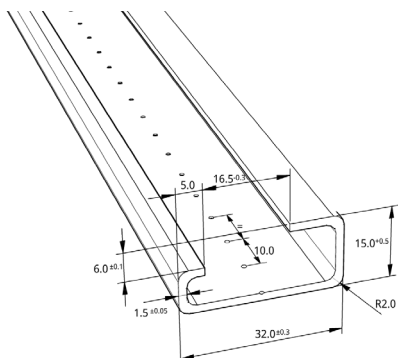

AVAILABLE ON:

"G" DIN RAILS

"G" 32 X 15 (NO SLOT)

MATERIAL OPTIONS	ITEM CODE
<i>Electrolytic galvanizing</i>	G32
<i>Sendzimir galvanising</i>	G32Z
<i>Zinc-Magnesium coating</i>	G32ZM

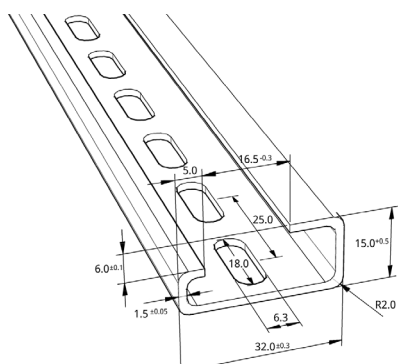

STANDARDS EN 60715

Item weight	0,70 Kg/m
Standard length	2 m

↔ Lengths can be varied upon request

 10 pieces per package

"G" 35 X 15 (SLOT 6,3X18)

MATERIAL OPTIONS	ITEM CODE
<i>Electrolytic galvanizing</i>	G32F
<i>Sendzimir galvanising</i>	G32FZ
<i>Zinc-Magnesium coating</i>	G32FZM

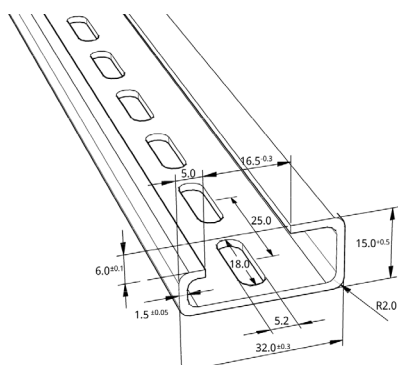

STANDARDS EN 60715

Item weight	0,64 Kg/m
Standard length	2 m

↔ Lengths can be varied upon request

 10 pieces per package

"G" 35 X 15 (SLOT 5,2X18)

MATERIAL OPTIONS	ITEM CODE
<i>Electrolytic galvanizing</i>	G32F-518
<i>Sendzimir galvanising</i>	G32FZ-518
<i>Zinc-Magnesium coating</i>	G32FZM-518

STANDARDS EN 60715

Item weight	0,64 Kg/m
Standard length	2 m

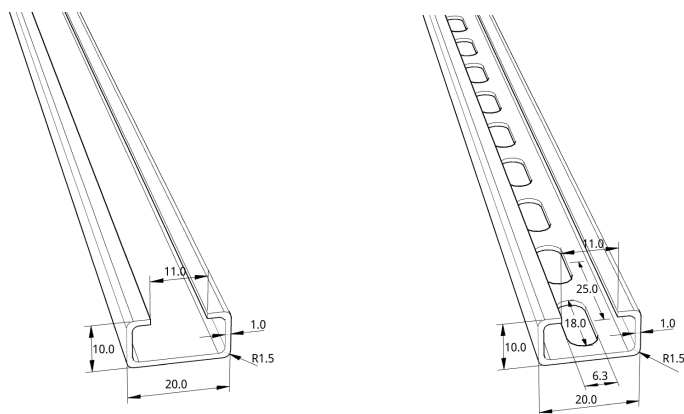

↔ Lengths can be varied upon request

 10 pieces per package

"C" DIN RAILS

Profiles designed for the manufacture of framed electrical panels.
Ideal for mounting heavy components.

"C" PROFILES 20X10

Item weight (No slot) 0,33 Kg/m

Item weight (Slot) 0,30 Kg/m

Standard lenght 2 m

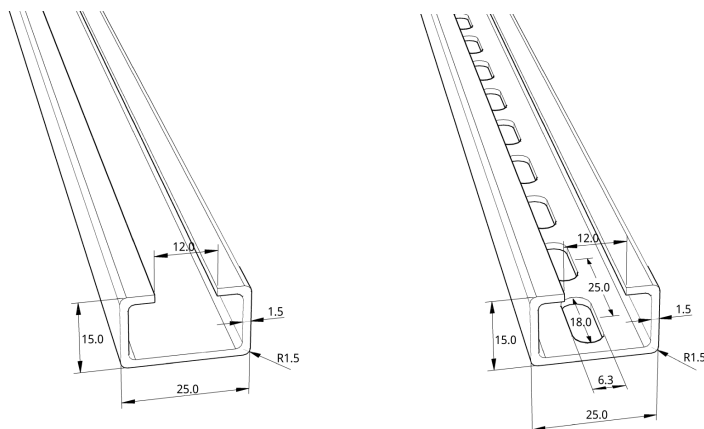

↔ Lenghts can be varied upon request

12 pieces per package

MATERIAL OPTIONS	ITEM CODE
